Standard Face Neck Lift THB237000 = \$10,666

Standard Face Neck Lift with Submental incision THB252,000 \$11,340

Remove's localized fat deposits under the chin, corrects muscle laxity, tightens sagging skin or enhances a receding chin., uses incisions under the chin

Upper OR Lower eyes plus Standard Face Neck Lift THB262000=\$11,800
either upper or lower bleph under local

Upper & Lower Blep+Standard Face Neck Lift THB375,000 = \$16,800
General Anesthetic

Brow Lift (Temporal approach Lift) THB163000=\$7335

Brow Lift (Endoscopy) THB218000=\$9810

Temporal brow lifts are a good option for those looking to lift the outer half of the brow area and/or to help with drooping eyelids. An endoscopic brow lift provides a lift without actually needing to remove any skin.

Rhinoplasty (nose job) THB270000= \$12000

BREAST SURGERY

What is the difference between Mentor and Motiva? Motiva implants are tear-shaped made up of different levels of fillings whereas mentor implants are round in shape and have just one level of filling.

augmentation mammoplasty with implants

Mentor smooth round THB175000-\$7900
Mentor xtra gel THB187,000=\$8415
Motiva round THB180000=\$8100
Motiva ergonomix THB19000=\$8955

Augmentation Mammoplasty (Endoscope)

Small incisions will be made in the armpit. Then, the surgeon will use a small special tool to dissect and separate muscles.

Mentor smooth round THB213000-\$9585
Mentor xtra gel THB224000=\$10,080
Motiva round THB217000=\$9765
Motiva ergonomix THB235000=\$10,575

BREAST LIFT WITHOUT IMPLANT 254,000
= \$11,400

BREAST LIFT WITH IMPLANT

Mentor smooth round THB321000=\$14446
Mentor xtra gel THB333,000=\$14986
Motiva round THB325000=\$14626
Motiva ergonomix THB1344000=\$157965

REDUCTION from THB262,000-351000
\$11791-\$15766

BODY CONTOURING

Mini abdominoplasty THB117000=\$5265

abdominoplasty (Tummy tuck) THB318000=\$14311

Abdominoplasty (belt lipectomy) THB393000=\$17686

A belt lipectomy is a combination procedure that includes a tummy tuck as one component. The incision/scar is then extended circumferentially around the posterior waistline over the upper buttock to provide elevation of sagging outer hips and buttock tissues.

Lipoabdominoplasty lipectomy (tummy tuck) THB353000=\$158865

Lipoabdominoplasty (Belt lipectomy) THB386000=\$17370

Lipoabdominoplasty is a procedure which combines liposuction and abdominoplasty to remove the excess fat and loose skin of the abdomen.

THIGH LIFT THB250,000=\$11,499

ARM CONTOURING

ARM LIFT (BOTH SIDES) THB 219000=\$9855
